Dear Mrs. Holbrook.

I want to thank you for getting me the poster and the little circular of the Indian Agency House.

Tho I received them a half month ago, I feel it is better late than never to acknowledge the favor you did me and to thank you for it.

I shall try to get to see the Agency House in September or October. I have been interested in it ever since the day I was out there sketching it and have kept in touch with its developments thru the newspapers.

Thanks you again.

Yours truly,

Max Gruber, Jr.
